GENDER

Female

MAJOR

Computer Science

Description

Sarah is a highly motivated and organized third-year computer science student. She is dedicated to her studies and strives for academic excellence. She takes pride in managing her time effectively and ensuring all her coursework is submitted on time. Sarah is often the one who initiates planning for group projects, aiming to keep everyone on track.

Personality

Organized

Proactive

Detail-Oriented

Responsible

Goals

- Manage coursework effectively with clear oversight of all assignments
- Meet all deadlines consistently and submit work ahead of schedule
- Track group meetings and ensure team progress is transparent

Frustrations

- Poor communication from group members causing misunderstandings
- Disorganized tools and fragmented information across platforms
- Difficulty consolidating information and maintaining a single source of truth

Harshat Mehta

AGE

24

GENDER

Male

MAJOR

Business Administration

Description

Harshat is a fourth-year business administration student who values collaboration and learning from his peers. He is generally laid-back but committed to his studies. He thrives in group settings where responsibilities are clearly defined and communication is open. Harshat is often the mediator in group conflicts, aiming to foster a positive team environment.

Personality

Collaborative

Adaptable

Communicative

Balanced

Goals

- Balance academic responsibilities with part-time work and social life
- Complete coursework and group projects on time without feeling overwhelmed
- Ensure clear communication and equal workload distribution in group projects

Frustrations

- Unresponsive group members and delayed communication causing last-minute scrambles
- Disorganized platforms and fragmented information across multiple tools
- Uneven workload distribution leading to unfair team dynamics

Suzuka Adhikari

AGE

22

GENDER

Female

MAJOR

Information Technology

Description

Suzuka is a second-year information technology student who is ambitious and detail-oriented. She is passionate about technology and excels in technical coursework. While she is independent and capable of managing her own work efficiently, she sometimes struggles with collaborative projects due to her preference for working at her own pace. Suzuka is eager to learn and improve her teamwork skills.

Personality

Ambitious

Technical

Independent

Eager to Learn

Goals

- Excel in technical coursework and maintain strong grades
- Develop better collaboration and communication skills in group settings

- Track deadlines and manage multiple projects simultaneously

Frustrations

- Difficulty coordinating with group members who have different work styles
- Lack of clear communication channels leading to confusion and delays
- Disorganized project management tools making it hard to track progress
